Ex-Governor Beckham Makes An Address The Last Day of the Brodhead Fair

Gov. Beckham's Letter of Acceptance

Frankfort, Ky., July 12, 1913.

Mr. A. M. Hiatt, Brodhead, Ky.

Dear Sir: --

I must ask your pardon for this delay in not answering your very kind letter of several days ago; but absence from my office has prevented my doing so.

Even if I wished to do so, I could not resist your most cordial invitation to visit your County Fair on Aug. 15, and I shall therefore gladly try to be with you on that day.

I deeply appreciate your kind interest and friendship for me.

With kindest regards, I am,

Very sincerely yours, (Signed) J. C. W. BECKHAM.

GOV. J. C. W. BECKHAM OF FRANKFORT

Will address the people at the grounds of The Rockcastle County Fair Association the last day of the Fair, August 15, 1913

FAIR

BRODHEAD KENTUCKY

The people of this and adjoining counties will be given the opportunity of hearing an address by Ex-Gov. J. C. W. Beckham, one of the best orators and no doubt the most popular man in Kentucky to-day.

Very few of the people in this section of the state have ever had the privilige of seeing and hearing him.

His consenting to visit The Rockcastle County Fair will, no doubt, prove a great drawing card for the occasion and the people will no doubt appreciate this privelige of hearing the Ex-Governor speak, and at the same time enjoy the day at the FAIR.

In finishing up an article on the slang phrase "I should worry" a writer says, the prosperity of the city depends on the amount of "worry" that some of the leading citizens are willing to undergo to procure industries, to advertise its resources, to secure new transportation facilities and to open new channels of trade. The installation of playgrounds and parks, the beautification of a city, the introduction of good highways, are all the work of men who "worry". The people who "worry" that is to devote part of their thought and their energies to the public welfare are the salt of the earth. It is not a good sign when ""don't worry" is the most popular phrase. There are many things worse than worrying, and one of them is a selfish individualism that will not budge an inch for the public good.

Miss Carry Cathey has been secured as grade teacher for the coming year. She was offered a position here last January but as the patrons of the public school where she was teaching had twice by priva e subscription, raised her salary in order to keep her, she felt she could not honorably resign at that time. Miss Cathey is a Normal graduate and a teacher of several years successful experience in both public and private schools. She is well thown to Miss McCord and is considered by her one of the strongest, most thoroughgoing

grade teachers she has ever had. The place of Domestic Science teacher will be filled by Miss Adeline C. Ream, who, tho not personally known by Miss Mc-Cord. is recommended by those who do know her, in the highest terms as to her personality, ability and devotion to her work.

She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework. as well as run a big water mill.
